accept.dwg,.scn,.dxf,.pdf,.jpg, and other raw formats. I'm using the Ruler.js API to create a ruler and setting it up in a component. The Issue When I open the component I get a prompt box that says: "Your conversion settings for this file have been applied. Would you like to turn off conversion settings for this file?" I'm ok with that, however, I don't want to have to jump in and toggle through the conversion settings. Also, it seems if I want to turn off the prompt entirely, Ruler.js doesn't know how to handle it. How do I turn off the prompt entirely? Or, is there a better way to

```
handle this? Below is my code. const { Ruler }
= require('ruler-js'); const ruler = new Ruler();
export default class FilePicker extends
Component { constructor(){ super(); this.state
= { }; } componentWillMount() { this.filePicker
= new FilePicker(); this.filePicker.on("load",
(file) => { this.setState({ file }); let fileFormat
= new Ruler.FileFormat(); if
(fileFormat.isSupported(file)) { 50b96ab0b6
